

Curriculum Vitae Roberto Salvia

PERSONAL INFORMATION

Surname / First Name: **Salvia Roberto**
Address: Via Pozzo dell'amore, 76 Cavaion Veronese - (VR) - Italia
Phone: +39 0456261219 / +39 3408364257
E-mail address: roberto.salvia@univr.it
Nazionalità: Italian
Date of birth: 08th February 1966
Gender: M

QUALIFICATIONS

Date: January 2014
Qualification: National Scientific Qualification Exams
as Full Professor and first surgeon at Surgical Department- Verona
University, Italy
Institution: ANVUR – National Agency of University and research system's evaluation

Date: July 2010
Position: Associate Professor and First Surgeon
at Surgical Department -Verona University, Italy
Institution: University of Verona

Date: 2002
Position: PhD on Patophysiological and clinical science of exocrine pancreas
(grades: 50/50 cum laude)
Institution: University of Verona- Department of Medicine and Surgery

Date: June- December 2002
Position: Research Fellow
Institution: Surgical laboratory of Massachusetts General Hospital -
Boston (Harvard Medical School).
Chairman: Prof. AL Warshaw.
PI: Prof. Carlos Fernandez del Castillo

Date: 1997
Position: Full Surgeon: general surgery (grades: 70/70 cum laude).
Institution: University of Verona- Department of Medicine and Surgery

Date: 1991
Position: Degree in Medicine and Surgery (grades: 110/110 cum laude).
Institution: University of Verona- Department of Medicine and Surgery

POSITION

Date: From 1st of November 2014 – Today
Position: **Associate Professor and First surgeon at Surgical Department Verona
University, Italy**
Institution: University of Verona- Verona Hospital-pancreas Institute

PREVIOUS POSITIONS:

Date: From June 1999 to 31st October 2014
Position: MD at Department of General and pancreatic Surgery- Pancreas Institute
(highly skilled on HPB Surgery)
Institution: AOUI Verona- Verona Hospital

Date: From January 2011 – to December 2013
Position: MD at Department of General Surgery (highly skilled on HPB Surgery)
Institution: AOUI Verona- Verona Hospital

Date: From June 1999 – December 2010
Position: MD at Department of General Surgery
Institution: AOUI Verona- Verona Hospital

CLINICAL AND SURGICAL ADVICES

Date: May 2013 - Today
Position: Advisor of Pancreatic Surgery
Institution: “San Carlo” Hospital of Potenza.

Date: August 2009 – December 2012
Position: Advisor of HPB Surgery
Institution: “Casa di Cura dott. Pederzoli- Peschiera del Garda (VR).

Date: August 2009
Position: Senior Register
Institution: HPB Department of Southampton University Hospital - UK.

RESEARCH POSITION

Date: January-February 2003
Position: Research Fellow
Institution: Surgery Department of Massachusetts General Hospital (Harvard Medical School, Boston, USA).

Date: October – November 2001
Position: Observer Physician
Institution: Surgical Department of Massachusetts General Hospital (Harvard Medical School, Boston, USA).

VOLUNTARY EXPERINCES:

Date: November 1997 – May 1999
Position: Observer Physician
Institution: General Surgery - Hospital Policlinico G.B. Rossi, University of Verona, Italy

Date: November - Dicember 1995
Position: Observer Physician
Institution: “Claudio Benati” Zumbahua-Cotopaxi Hospital. Equador.

Date: July - August 1994
Position: Physician voluntary experience
Institution: “Claudio Benati” Zumbahua-Cotopaxi Hospital. Equador.

Date: 1992 – 1997
Position: Surgical Resident - Internship
Institution: School of General Surgery Hospital Policlinico G.B. Rossi, University of Verona, Italy

Date: 1990 – 1991
Position: Surgical Resident - Internship
Institution: Head Prof. Adamo Dagradi- Hospital Policlinico G.B. Rossi, University of Verona, Italy

TRAINING COURSES AND CERTIFICATES

Date: Torino, 9-13 rd March 2009
Name of course: School of Hepatic Surgery
More information: ACOI School of Hepatic Surgery- Head: Dott. L. Capussotti

Date: Modena, 24-28 th September 2007
Name of course: Course on Laparoscopic surgery
More information: ACOI School of Laparoscopic Surgery- Head: Dott. GL. Melotti

Date: Bruxelles, 22-25 th November 2005
Name of course: European Course on Laparoscopic Surgery
More information: European Course of laparoscopic Surgery- Head: dott.: G-B. Cadière

Date: Padova, 26 th Novembre 2004
Name of course: Course on Laparoscopic Surgery

SURGICAL HPB CURRICULUM (updated on 2017.09.20)

Type of resection	1st SURGEON	EDUCATOR	CO-SURGEON	ASSISTANT	TOTAL
PANCREAS					
TOTAL PANCREATIC RESECTIONS	608	352	284	130	1374
BILIARY TRACT

LIVER					
TOTAL LIVER RESECTIONS	70	27	20	16	133
TOTAL	1004	539	410	219	2152

ACADEMIC CURRICULUM

Field of interest

Clinical Practice: Renowned surgeon respected by international scientific community. Reviewer of Fukuoka international guidelines (IPMN) and author of innovative article about the new discoveries into genomic field.

Clinical Research: Exocrine and endocrine pancreas neoplasm. In particular reserches are focus on cystic neoplasm of pancreas, surgical and laparoscopic techniques.

Teaching: Professors of several courses, theoretical an pratical, given at University of Verona; in particular courses issues in School of Medicine and Surgery and General Surgery Grad School.

Scientific Cooperations and clinical studies

Project: Efficacy of a disposable negative wound pressure device in reducing the incidence of wound infection after HPB surgery: a pilot randomized controlled trial. 2017 (RCT-PICO)

Istitution: General and Pancreatic Surgery Verona

PI: Luca Landoni

Co-PI: Roberto Salvia

No-Profit 1215 CESC (Ethical Commettee of Verona)

Project: EVALUATION OF A PRE-OPERATIVE PSYCHOLOGICAL INTERVENTION IN PATIENTS THAT UNDERGO TO PANCREATIC SURGERY-PREPARE

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

No-Profit 1288 CESC (Ethical Commettee of Verona)

Project: Wound protector dual-ring Alexis® in pancreaticoduodenectomy. A randomized controlled clinical trial. 2017 (PALEXIS)

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

No-Profit 1369 CESC (Ethical Commettee of Verona)

Project: Intravenous vs. epidural analgesia to reduce the incidence of gastrointestinal complications after elective pancreatoduodenectomy. Adaptive pragmatic randomized, controlled multicenter superiority trial with two parallel study groups (RCT). 2016

PI: Roberto Salvia

Istitution: General and Pancreatic Surgery Verona

PI: Roberto Salvia

Sponson: Heidelberg University Hospital

No-Profit 803 CESC (Ethical Commettee of Verona)

Project: Phase II study of intraoperative electrochemotherapy in patients with unresectable pancreatic cancer 2016

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

No-Profit 834 CESC- EudraCT Number 2015-002077-37

Project: National multicentric register on familian of patients affecteder by pancreatic cancer (IRFARPC)

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

No-Profit 462 CESC (Ethical Commettee of Verona)

Project: Prospective non-comparative trial, on the evaluation of the safety and feasibility of the application of Immunostimulating of Interstitial Laser Thermotherapy (iMILT) in pancreatic adenocarcinoma (stage III)

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

No-Profit 585 CESC

Project: Technical strategies for pancreatic fistula prevention after Pancreaticoduodenectomy: a multicentre risk-adjusted trial. PREP (PREvention of POPF)

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi Co-PI: Roberto Salvia

No-Profit 1041CESC

Project: Register of patients with pancreatic diseases (PAD-Register)

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi Co-PI: Roberto Salvia

No-Profit 1101CESC

Project: EFFECACY OF A SINGLE-USE SYSTEM OF ADVANCED MEDICATION AT NEGATIVE PRESSURE IN REDUCING THE INCIDENCE OF INFECTIONS OF THE SURGICAL SURGERY AFTER SURGERY OF THE PANCREATICOBILIAR DISTRICT: RCT-PICO

Istitution: General and Pancreatic Surgery Verona

PI: Luca Landoni Co-PI: Roberto Salvia

No-Profit 1215CESC

Project: Prognostic role of fatigue on the overall survival of patients with pancreatic cancer: a prospective observational study - FAT-PRO

Istitution: General and Pancreatic Surgery Verona

PI: Massimiliano Tuveri Co-PI: Roberto Salvia

No-Profit 1222CESC

Project: Multi-center prospective study on the management of non-functioning pancreatic neuroendocrine tumors with a diameter of ≤ 2 cm - ASPEN STUDY - Asymptomatic Small Pancreatic Endocrine Neoplasms

Istitutione: IRCCS San Raffaele

PI: Claudio Bassi Co-PI: Roberto Salvia

No-Profit 1757CESC

Ended project:

Project: "Multimodal treatment of locally advanced PDAC: Might SMAD4 point us to tailored therapy?"2015

Istitution: General and Pancreatic Surgery Verona

PI: Roberto Salvia

No-Profit 607 CESC

Project: Prospectiv survey on pancreatic cystic lesions

Istitution: General and Pancreatic Surgery Verona

PI: Claudio Bassi

Co-PI: Roberto Salvia

Sponsor: AIGO (Associazione Italiana Gastroenterologi e Endoscopisti Ospedalieri)

AISP (Associazione Italiana Studio Pancreas)

No-Profit 679 CESC

Project: Total pancreatectomy: multicentric observational study on indications, operative outcomes and prospective evaluation of long term outcome and quality of life

Istitution: General and Pancreatic Surgery Verona

PI: Roberto Salvia

No-Profit 651 CESC

Project: PanIntraNet – International Network on Pancreatic Intraductal Papillary Mucinous Neoplasms
 Institution: General and Pancreatic Surgery Verona
 PI: Claudio Bassi
 Co-PI: Roberto Salvia

Project: Natural History of Serous Cystadenomas.
 Institution: Hopital Beaujon, Paris (coordinating center)
 Co-PI: Roberto Salvia

Project: The importance of fistula variance after pancreaticoduodenectomy
 Institution: Penn University, Philadelphia
 Major informations: The main aim is to verify the differences between the point of view of surgeon and institution about the incidence of POPF and relating treatment.

Project: European Common Interest Group on Pancreatic Cystic Neoplasms
 Institution: Karolinska Institutet, Stockholm
 Major informations: The aim of the group to review international guidelines on cystic neoplasms and realize new multicentric studies on this field

Project: Observational study of the prevalence and incidence of extrapancreatic neoplasms in patients with IPMN.
 Institution: General and Pancreatic Surgery Verona and Karolinska Institutet, Stockholm; Technische Universität München; University of Izmir
 Major informations: A Multicentric project, finish on April 2014, show us a prevalence and incidence of extrapancreatic neoplasm in 1340 patient affected IPMN.

Teaching:
 Course: Surgical Clinic - practice course on Surgical Clinic
 Institution: University of Verona (2014-16)

Course: Internal Medicine - Problem Solving (2008-18)
 Institution: University of Verona

Course: Rare pancreatic neoplasm
 Institution: University of Verona (2014/16-2018)

Course: Technologies in surgery
 Institution: University of Verona (2007/8-2018)

Course: Clinical nursing in surgical area
 Institution: University of Verona

Grant :
 Date: November 1997- October 1998
 Grant: Health Project 96/97": Winner of Cariverona
 Project: "Postsurgical treatment of PDAC"

Membership of scientific societies

Società Italiana di Chirurgia (SIC)
 Associazione Italiana per lo Studio del Pancreas (AISP)
 European Pancreatic Club (EPC)
 International Association of Pancreatology (IAP)
 The Pancreas Club Inc.
 European-African Hepato-Pancreato-Biliary Association (E-AHPBA)
 International Hepato-Pancreato-Biliary Association (IHPBA)
 Society for Surgery of Alimentary Tract (SSAT)
 Capitolo Italiano dell'Associazione Internazionale di Chirurgia Epato-Bilio-Pancreatica (It- IHPBA)
 European Digestive Surgery

Membership scientific committee

Membership: ONCOTEAM Pancreas
Society: Società Italiana di Chirurgia Oncologica (SICO)
Major informations: The aim of oncoteam is to review international guidelines and to add knowledges on pancreatic neoplasm

Membership: Committee advisor
Society: International Association of Hepato-Bilio-Pancreatic Surgery (It- IHPBA)

Membership: Member of E-AHPBA' Scientific committee
Society: Associazione European-African Association of Hepato-Bilio-Pancreatic Surgery

Membership: Member of Future Trend Comitée UEG
Society: United Europeana Gastroenterology Federation

Membership: Member of EDS
Society: European Digestive Surgery (EDS)

Advisor for international review

GUT
British Journal of Surgery,
Digestive and Liver Disease,
Pancreatology,
Digestive surgery (Associate Editor),

Congress

2001

1 Bari, 16 th of March 2001
Seminars of Clinical Physiopathology and Surgery Therapy (XI year)
"Closed Drainage" in "Acute Biliary Pancreatitis"

2 Atessa, 2nd of June 2001.
1° Surgery Conference: "News on Pancreatic Surgery".
Surgical treatment of acute pancreatitis "

3 Giardini Naxos (ME), 5-6th October 2001
"Acute Pancreatitis"
"Abscess, pseudocyst and fistula. Role of Surgery"

2003

4 Boston, MA. 6th March 2003.
Invited speaker at the Massachusetts General Hospital, Harvard Medical School.
"Cystic Tumours of the pancreas. Can Malignancy be predicted in Main Duct IPMNs of the pancreas?"

2004

5 Siena, 6-8th of May 2004
XVII National Congress SPIGC
"Extended lymphadenectomy"

6 Abano Terme, 23th June 2004
VI Italian- Hungarian Meeting
"Symposium on Intraductal Papillary Mucinous Tumors: Can malignancy be predicted by clinical findings?"

7 Enna Bassa, 10-11th September 2004.
"Evidence-based medicine on pancreatic diseases"(speaker and moderator)
"Cystic tumors"

8 Enna Bassa, 10-11th September 2004
"Evidence-based medicine on pancreatic diseases"(speaker and moderator)
"The role of surgery in locally advanced pancreatic cancer"

- 9 Thessaloniki, 2-5th October 2004.
24th Panhellenic Congress of Surgery
“Chronic Pancreatitis. Diagnostic and Therapeutic Advancement”
- 10 Verona, 28-30th October 2004
XXVIII National Congress of Italian Association for the Study of Pancreas (AISP)
“Intraductal Papillary Mucinous Tumors. Surgery Therapy: where to stop?”
- 11 Bologna, 11th December 2004
Acute Pancreatitis Disorders: Comparative Opinions.
“Surgical Therapy "in" Sterile Necrosis: Surgical or Medical Therapy?”
- 2005**
- 12 Peschiera del Garda (VR), 23th April, 2005
Professional Upgrade Course on Pancreatic Diseases
“Pancreatic cancers: cystic tumors”
- 13 Verona, 2-5th May 2005
Theoretical-practical updating course on diagnosis and treatment of
inflammatory diseases of the pancreas.
“The differential diagnosis of pancreatic diseases. Localized or diffused Wirsung's duct dilation”
- 14 Firenze, 28-31th May 2005
16th Annual Meeting and Postgraduate Course ESGAR 2005
“Cystic pancreatic lesions: a surgeon’s perspective”
- 15 Roma, 15-17th June 2005
XVII National Congress SPIGC
“Pancreatic papillary tumors: a new clinical entity”
- 16 Verona, 8-10th September 2005.
The Pancreas: the modern imaging diagnostics.
“Cystic tumors. Clinical Overview. Questions to the Radiologist”
- 2006**
- 17 Legnago (VR), 7th October, 2006
Pancreatic cystic neoplasms.
“Medical assistance after pancreatic surgery”
- 18 Santo Stefano di Camastra, 9-10th June 2006.
Updating in Surgery and Oncology.
“The role of lymphadenectomy in pancreatic cancer”
- 2007**
- 19 Verona 6-9th June 2007.
4th Congress of the Italian Chapter of the International HPB Association
“Update Lecture: Cystic Tumours of the pancreas”
- 20 Verona 6-9th June 2007
7th Congress of the European Chapter of the European HPB Association
“Intraductal papillary mucinous Tumors”
- 21 Parigi, 27-31th October 2007
15th United gastroenterology Week
“IPMN: when to operate, when to observe”
- 22 Kaunas, Lithuania, 9-10th November 2007
EDS Postgraduate Course: Contemporary Surgery of the Alimentary Tract
“Therapy of Chronic pancreatitis: Surgery versus interventional therapy” (speaker and moderator)
- 23 Kaunas, Lithuania, 9-10th November 2007

EDS Postgraduate Course: Contemporary Surgery of the Alimentary Tract
“Pancreas II: Surgery in local recurrence” (speaker and moderator)

2008

- 24 Mumbai, India 27th February -2nd March 2008
8 th World Congress of IHPBA
“SYMPOSIUM 13: IPMN, Extent of resection – West”
- 25 Verona, 27th June 2008
“Radiological Veronese Friday”
“The surgeon in: Ultrasonography with contrast enhancer. A comparison from Clinical Impact and Opinions : the pancreas ”
- 26 Treviso, 26-28th June 2008.
International HPB Association, 5° Congress of the Italian Chapter
Round Table about "Intraductal tumors" : The Pancreatic Surgical Cystic Cancer Surgery: state of the art "
- 27 Montecatini Terme (PI), 2-4th October 2008
“Production of clinical cases” (Moderator).
XXXII National Congress AISP
- 28 Verona, 25th November 2008
Multidisciplinary Meetings of Policlinic Rehabilitation Health Personnel
“Surgical interventions in pancreatic disease”

2009

- 29 Madonna di Campiglio (TN), 1st – 6th February 2009
4th Alpine Liver & Pancreatic Surgery (ALPS) Meeting
“All We know about IPMNs”
- 30 Atene, 17-20th June 2009
8th EHPBA Congress
“Case report: a case of serous cystadenoma of the pancreas”
- 31 Atene, 17-20th June 2009
8th EHPBA Congress
EBM Symposium in cystic neoplasms of the pancreas
- 32 Verona, 11th September 2009
Verona anatomy of a Friendship
“Intraductal Papillary Mucinous Neoplasms: Surgery”
- 33 Genova, 18th September 2009
Workshop Pancreatic Surgery
“Pancreatic Mucinous Neoplasms. IPMNs: Surgery”
- 34 Ancona, 25th September 2009.
What's new in pancreatic surgery.
“In the surgery of cystic tumors”
- 35 Treviso 11-12th June 2009.
Joint meeting on Pitfalls, Problems and Complications in Liver, Pancreatic and Bile Duct Surgery.
“Pancreas. Case Report Section.”

2010

- 36 Ravenna, 3rd October 2009
Postoperative Surgical Complications in Abdominal Surgery
“Complications and treatment in pancreatic surgery”
- 37 Monza, 6th March 2010

The surgeon and the critical patient
“Severe acute pancreatitis”

- 38 Tripoli (Libano) 14,15th May 2010.
19th International Congress of the Surgical Society of the North Lebanon
“ RFA in the management of local advanced pancreatic neoplasms”
- 39 Tripoli (Libano) 14,15th May 2010.
19th International Congress of the Surgical Society of the North Lebanon
“ Cystic neoplasms of the pancreas”
- 40 San Benedetto Po (MN) – 12th June 2010
36th Annual Meeting of Surgery Society of Tirolo, Veneto and Lombardia
“Infectious complications of severe acute pancreatitis”
- 41 Torino, 24-25th September 2010

UEG United European Gastroenterology
22nd United European Gastroenterology Week

“Cystic pancreatic lesion: Not only a diagnostic dilemma. Observation or resection of pancreatic cystic lesion?”

- 82 Cluj-Napoca 30th October-1st November 2014.
EFISDS& EDS Postgraduate Course 2014
Pancreatic resection- to drain, or not to drain?
- 83 Catania 6-7th November 2014.
8° National Congress of the Italian Chapter of International Hepato-Pancreato-Biliary-Association (IHPBA)
Round table: early recovery after Pancreatic Surgery
- 84 Lione 14th November 2014
HPB SurG Meeting 2014
Surgical indications in cystic pancreatic neoplasms
- 85 Roma 27th November 2014
Locoregional treatments present or future?
- 2015**
- 86 Amburgo 9-10th April 2015
Global Clinical Council for Liver & Pancreas Surgery
- 87 Manchester 21-24th April 2015.
11th Congress of The European-African Hepato-Pancreato-Biliary Association
“Presentation of clinical cases and brainstorming”
- 88 Washington 15-16th May 2015.
49th Annual Meeting of the pancreas club
“Inaccuracy of pre-operative size determination in pancreatic neuroendocrine tumors: a retrospective study on 199 patients”
“Beyond the numbers: the pattern of lymph node metastasis allows for distinguishing different N+ categories- reappraisal of the Japanese classification of lymph node metastases in pancreatic adenocarcinoma”
“Predictors of postoperative outcome after distal pancreatectomy: the answer from two high-volume”
“Pre-operative physical status and mortality in patients undergoing major pancreatic surgery”
“Para-aortic lymph nodes metastases from ductal adenocarcinoma of the pancreas: do they really make a difference?”
- 89 Porto 9-10th June 2015.
HEBIPA meeting 2015-Pancreas Neoplasm
“Pancreas Cancer- Surgery for pancreatic cancer: state of the art”
- 90 Berlino 12-13th June 2015.
DGVS Spring Conference 2015- Pancreatology: Clinical and Translational Research
“Registries for Pancreatic Disease”
- 91 Napoli 9-12th September 2015.
XXXVIII Congress SICO
“When to resect an IPMN”
- 92 Verona 26th September 2015
Surgery Society of Tyrol, Veneto and Lombardia
“Main biliary duct lithiasis”
- 93 Peschiera 28-30th September 2015.
Advanced course of pancreatic surgery-from diagnostic surgery to therapeutic strategies “Pancreatic cystic neoplasms: when the surgery and when the follow up ”
- 94 Barcellona October 2015
UEG Week 2015

Pattern of recurrence in resected IPMN of the pancreas: preliminary results from a multi-institutional international study

- 95 Monza 6th October 2015
Pancreatic cystic neoplasms
- 96 Milano 23th October 2015.
XXXIX National Congress AISP
"Follow-up IPMN: why MRI"
- 97 Milano 21-24th October 2015
117° National Congress of the Italian Society of Surgery.
Italian surgery in the year of the expo: ready for the challenges
"Focus on: IPMN Treatment: Current Evidence"
"Using RMN and US in Special Clinical Situations"
- 98 Marsiglia 5th November 2015
Study on IMILT in locally advanced pancreatic carcinoma training of study teams
- 99 Padova 10th November 2015.
Gastroenterology Department , Padova University,
Gastroenterology Specialization School
"Pancreatic Cysts: Surgical Approach"
- 2016**
- 100 Baioana 10th March 2016.
E- AHPBA II International Congress on Hepato-pancreatic-biliary Surgery
"Complications in HPB Surgery"
"Pancreatic leak how to avoid grade C"
- 101 Bassano del Grappa 27th May 2016.
The emergency for the general surgeon
"Emergent Interventions in General Surgery"
- 102 Padova 17-18th June 2016.
National Congress ISSE
"Pancreatic Neoplasms"
- 103 Oporto 30th June- 4th July 2016.
HEBIPA meeting 2016
"Intraductal papillary mucinous neoplasm of the pancreas: criteria for surgery"
"Local ablative strategies for pancreatic cancer: a review"
- 104 Sendai 5th August 2016.
International Consensus on the Management of IPMN-IAP 2016
"Does the size of mural nodule matter to predict malignancy in BD-IPMN? A systematic review of the literature and single high-volume center experience"
- 105 Napoli 16th September 2016.
ACOI Congress - Pancreatic surgery between tradition and technology
Duodenocephalopancreasectomy Robotic technique / Open technique
- 106 Torino 4-5th November 2016.
XVII FISMAD- ANOTE/AIGEA
Gastroenterology 2016: management
"When we need surgery?"
- 107 Roma 25-29th September 2016.
Joint Congress of Italian Surgical societies
"Pancreatitis"
- 108 Peschiera 17-19th October 2016.
II° advanced course of pancreatic surgery

From diagnosis to treatment Cystic neoplasm of pancreas: “when wait and see and when resect?”

- 109 Perugia 23-25th October 2016.
2nd International Conference of Surgical Oncology
“Do we do the same? Present practice and results of surgery after neoadjuvant treatment in two high-volume centers”
- 110 Bruxelles 28th October 2016.
Sixteenth Postgraduate course HPB
Benign and precancerous lesions of the liver, biliary tract and pancreas
- 111 Peschiera 4th November 2016
“PEDERZOLI”’s pancreatic Imaging
“Cystic serous lesion and cystic mucinous neoplasm”
“Clinical, Anatomic-pathological and radiological point of view”
- 112 Thessaloniki 9-12th November 2016.
30th Panhellenic Congress of Surgery
“Cystic tumors management: Beyond the guidelines”
- 113 Roma 11-12th November 2016.
Quality and Innovation in Pancreatic Disorders
“Q&I in the Diagnosis and Treatment of Pancreatic Cystic Lesions”
- 2017**
- 114 Verona 3-5th April 2017.
Pancreatic surgery course: “Cystic neoplasm: Surgical strategies”
- 115 Budapest EDS 27th April 2017.
EDS: “Management of pancreas cancer”
- 116 Verona 12-13th May 2017.
Arena 2017: “Imaging of pancreatic tumors”
- 117 Mainz 23-26th May 2017.
12th Biennial Congress of the E-AHPBA: “Management of complications in HPB surgery”.
- 118 Bari 8-10th June 2017.
National Congress about Italian endocrine surgery: “A case report and literature review: Saving the parenchyma”.
- 119 Torino 16th June 2017.
ACOI Piemonte “Pancreatic tumor at S. Giovanni Bosco Hospital, Torino – II Edition. Focus on lesions cistiche”
- 120 Atlanta 19-21st June 2017.
Global Clinical Council for Liver and Pancreatic Surgery
- 121 Modena 22-24th June Giugno 2017.
XIV Edition of National Seminar of PhD and graduate School in General Surgery.
- 122 Budapest 28th June-1st July 2017.
EPC: “Neoadjuvants in pancreatic cancer”.
- 123 Oporto 7-8th July 2017.
HEBIPA MEETING 2017: PANCREAS SURGERY- “Pancreatic leak: how to manage and how to prevent?”
- 124 Bogotá 22-25th August 2017.
43° Congress “Advances in Surgery”
- 125 Rozzano 5-7th October 2017.
XLI Congress AISP Italian Association on study of pancreas

“Pancreatic leak and drain post acute pancreatitis: timing and technique”

- 126 Marseille 13rd October 2017.
JOURNÉE PANCRÉAS PROGRAMME UPDATES IN PANCREATIC CANCER
- 127 Peschiera 23-25th October 2017.
“Advanced course on pancreatic surgery, diagnostic procedures and treatment”
- 128 Verona 10-11st November 2017.
Radiofrequency ablation
- 129 Milano 28th November 2017
2017: Open questions on pancreatic cancer
- 130 Torino 27th November 2017
EGEUS Clinical or suspicion of pancreatic cancer: how to proceed? The surgeon’s point of view
- 131 Padova 12nd December 2017
Tuesday’s meeting 2017-2018 – Pancreatic cystic neoplasms: from diagnosis to treatment

Co-supervisor of PhD thesis:

Activating mutations by the oncogene GNAS on IPMN: correlations between genetic and clinical-pathological parameters

Supervisor Prof. Claudio Bassi

Co-supervisor: Prof. Roberto Salvia

PhD student: Dott. Marco Dal Molin

Year: 2012-2013

Supervisor and Co-supervisor of Full-Surgeon thesis

Critical analysis of 20 IPMN after total pancreatectomy. Our clinical experience.

Supervisor: Prof R. Vecchioni;

Resident: Dott. F. Nacchia.

Year: 2002-2003

Clinical- pathological property of pancreatic solid pseudopapillary tumors: Our experience.

Supervisor: Prof. Roberto Vecchioni

Co-Supervisor: Prof. Paolo Pederzoli - Dott. Roberto Salvia

Resident: Dott. Valeria Parisi

Year: 2002-2003

Total pancreatectomy: Recommendations and quality of life

Supervisor: Prof. P. Pederzoli.

Resident: Dott. P. Muselli

Year: 2006-2007

Surgical recommendation based on evidence: treatment of pancreas serous cystadenoma, 241 observations.

Supervisor: Prof. Pederzoli.

Resident: Dott. M. Orciuoli

Year: 2006-2007

Activating mutations by the oncogene GNAS on IPMN: correlations between genetic and clinical-pathological parameters

Supervisor: Prof. Claudio Bassi.

Resident: Dott. Marco Dal Molin

Year: 2012-2013

Correlation between ASA score and Clavien-Dindo classification on predicability of pancreatic surgery
Supervisor: Prof. Claudio Bassi
Co-Supervisor: Prof. Roberto Salvia - Dott. Vittorio Schweiger
Resident: Dott. Camilla Cena
Year: 2012-2013

A cohort study on extra-pancreatic neoplasm in patient affected by BD-IPMN
Supervisor: Prof. Claudio Bassi
Co-Supervisor: Dott. Roberto Salvia
Resident: Dott. Giuseppe Malleo
Year: 2011-2012

Lympho node involment on PDAC: is it useful like prognostic value or to determine the cancer's stage?
Supervisor: Prof. Claudio Bassi
Co-Supervisor: Dott. Roberto Salvia
Resident: Dott. Francesco Gulino
Year: 2011-2012

Critical analysis of 20 IPMN after total pancreatectomy: results and recommendation of our clinical experience
Supervisor: Prof. Roberto Vecchioni
Co-Supervisor: Prof. Paolo Pederzoli - Dott. Roberto Salvia
Resident: Dott. Francesco Macchia
Year: 2002-2003

Supervisor and Co-Supervisor of Graduate thesis

Quality of life after total pancreatectomy: a prospective study
Supervisor: prof. P. Pederzoli.
Student: S. Geremia.
Year: 2005-2006.

Duodenectomy: Quality of life and clinical- anatomy correlations on long runner patients
Supervisor: prof. P. Pederzoli.
Student: F. Mazzeola
Year: 2006-2007

Cystic serous tumors.
Supervisor: prof. P. Pederzoli.
Student: R. Rossini.
Year: 2006-2007

Solid pseudopapillary tumor of pancreas: clinical- pathological properties and surgical strategy.
Supervisor: Prof. P. Pederzoli.
Student: Creciu Mihail
Year: 2006-2007

Surgical treatment of cystic serous neoplasm
Supervisor: Prof. Paolo Pederzoli.
Student: Marta Massignani
Year: 2007-2008

Cystic serous neoplasm: clinical and reserch issues. New treatment approaches.
Supervisor: Prof. Paolo Pederzoli.
Student: Marina Paini
Year: 2008-2009

BD-IPMN. Suspicious lesion: from surveillance to surgery.
Anatomo-pathological and clinical review to search new prognostic and therapeutical parameters.
Supervisor: Prof. Paolo Pederzoli.
Student: Antonio Pea
Year: 2009-2010

Extrapancreatic neoplasm of patients affected by IPMN: the incidence detected by our experience compared with Italian tumor register.

Supervisor: Prof. Claudio Bassi.

Student: Alex Borin

Year: 2012-2013

The actual incidence of pancreatic cystic neoplasm-related symptoms

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Giovanni Marchegiani

Student: Chiara Miatello

Year: 2015-2016

Thirty years of experience at a pancreas clinic on cystic neoplasms of the pancreas: from surgery to surveillance

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Prof. Giovanni Marchegiani

Student: Andrea Caravati

Year: 2015-2016

The role of the mural nodules in predicting malignancy in IPMNs: a meta-analysis and a single high-volume center experience

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Giovanni Marchegiani – Dott. Stefano Andrianello

Student: Giorgia Romanò

Year: 2015-2016

Not solid not Cystic tumors of pancreas

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Giovanni Marchegiani – Dott. Luca Landoni

Student: Greta Montagnini

Year: 2015-2016

The Neoadjuvant therapy is able to redefine pathological parameters and lymph node's pattern spreading on PDAC

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott.ssa Laura Maggino

Student: Andrea Montresor

Year: 2015-2016

Does neoadjuvant therapy affect the development of postoperative complications in patients undergoing pancreatic resection for adenocarcinoma?

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott.ssa Laura Maggino

Student: Alessandra Binco

Year: 2015-2016

Predictive ability of 4 risk index on comorbidity in patients underwent to duodenectomy

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Giuseppe Malleo

Student: Martina Adamo

Year: 2014-2015

Multimodal treatment of locally advanced PDAC: Might SMAD4 point us to tailored therapy?

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Salvatore Paiella

Student: Clizia Gasparini

Year: 2014-2015

Predictive ability of risk factors on distal pancreatic lesions: when avoid resection, considering the natural history of lesion?

dall'intervento chirurgico indipendentemente dalla diagnosi di natura della lesione

Supervisor: Prof. Roberto Salvia

Co-Supervisor: Dott. Giovanni Marchegiani
Student: Tommaso Pollini
Year: 2014-2015

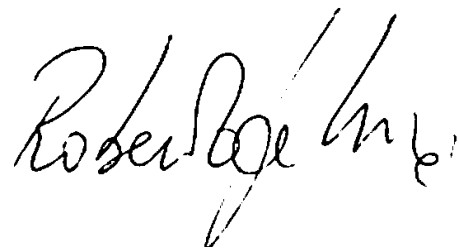

Nurse role on international cooperation: how contain the new plague, the ebola?
Supervisor: Prof.ssa Elda Baggio
Co-Supervisor: Prof. Roberto Salvia
Student: Calogero Sicorello
Year: 2013-2014
